- Operational	5

MISSION

Our mission is to develop, promote and implement through participatory approaches, a decentralized, cost effective, renewable and sustainable bio-energy technology package;

- to meet rural energy needs,
- to enhance income opportunities for the poor,
- to reduce green house gas emissions to the atmosphere

OUR TEAM

S. C. Khuntia - IAS, Project Co-ordinator
D. S. Ravindran - [Ph.D.], IFS, Project Officer (Forestry)
Ashok K Shetty - Associate Project Officer (Energy)
Siddaraju - Accounts Officer
