Masters

1) Manage Vehicle

The screenshot displays the 'Manage Vehicle' web application interface. On the left is a sidebar with three main sections: 'Transaction' (containing 'Manage Vehicle', 'Minor Mineral Permit', 'Trip Sheet Of Minor Mineral', and 'View Trip Sheet Of Minor Mineral'), 'Reports' (containing 'Summary Report', 'Leasewise Permit Application', 'Leasewise Annual Mining Plan Information', 'Tripsheet Information', 'Leasewise Balance Ledger', 'Leasewise Tripsheet Summary', 'Leasewise Permit Detail', and 'Leasewise Permit Summary'), and 'Utility' (containing 'Change Password' and 'Home'). The main content area is titled 'Manage Vehicle' and features a form with the following fields: 'Lease Number *' (text input with value 'QL_1111'), 'Lease Holder Name' (text input with value 'Test Quarry Lease Holder'), 'Vehicle Type *' (dropdown menu with value 'Tipper'), 'Vehicle Number *' (text input with value 'KA01AA1234'), 'Unloaded Weight *' (text input with value '8'), 'Transporter's Name *' (text input with value 'ABC'), and 'Vehicle Description' (text area with value 'Test Vehicle'). Below these fields are radio buttons for 'Vehicle Status' with 'Active' selected. At the bottom of the form is a 'Filter Criteria' section with three dropdown menus: 'Vehicle Status' (value 'Active'), 'Lease Code *' (value 'QL_1111'), and 'Vehicle Number *' (value '-Select-'). In the top right corner of the form area are buttons for 'Insert', 'Delete', and 'Cancel'. At the bottom right of the entire interface are buttons for 'Show Filtered Data' and 'Show All Data'.

- Lessee has to Insert Vehicle from Vehicle Master for Trip sheet generation.
- Vehicle Type , Vehicle Number , Unloaded Weight , Transporter's Name are the Compulsory Fields.
- Lessee has to click on Insert Button to save Vehicle Info.
- In Filter Criteria Lessee can search already inserted vehicles and can update unloaded weight.

<input checked="" type="checkbox"/> Multi Colour Granite	10000.000			0.000	10000.000

- In summary report lessee can see Mineral wise grade wise available balance against target quantity.
- Lessee has to select financial year and Date.

2) Lease wise Trip sheet Information Report

The screenshot displays the ePermit web application interface. The browser address bar shows the URL: <http://khanija-kar.ncode.in/ePermit/Operation.aspx?Form=ViewReports&Operation=Insert&CD=ReportControls&Id=0&reportname=rptMMPInformation>. The page header includes "Welcome : QL_1111", "User Type : Lease Holder", "Year : 2012 - 2013", and "Logout". A red alert message states: "Alert: AMP is expired for Felsite and its Varieties, Bentonite, Fullers Earth, Waste Rocks, Steatite, Agate, Finished Kerb Stones or Curbes, Lime shell - Minor Mineral." The main content area is titled "Tripsheet Information" and contains a "Filter Criteria" section with the following fields: District (dropdown), Taluk (dropdown), Lease Code (text input, value: QL_1111), Permit No. (dropdown), Mineral (dropdown, value: Dyke Rock), Grade (dropdown), From Date (calendar icon), To Date (calendar icon), and Status (dropdown). Below the filters are "View Report" and "Cancel" buttons. The left sidebar menu includes sections for "Master", "Transaction", "Reports", and "Utility". The footer contains "DMG All Rights Reserved 2009", "Site Best viewed in IE (Ver: 6.0 & onward) with 1024X768 Resolution", and "Designed & Developed by (n)Code Solutions". The Windows taskbar at the bottom shows the system tray with the date 04/19/12 and time 16:08.

- In Trip sheet Information Report Lessee can get each and every trip sheet information.
- Lessee can get Trip sheet information with vehicle Number , Hologram , Date and time etc...
- Lessee can generate this report Permit wise , Mineral wise , Grade wise and Status wise.

- Same way Lessee can generate Lease wise Balance Ledger , Bulk Permit Application , Bulk Permit Summary and Lease wise AMP Information Report.
